The same day has been set for the written test of the qualifying examination for all men enlisted in Class III (d), U. S. Marine Corps Reserve who are in their freshman or sophomore college years as of the date on which the test is given. This is for the purpose of qualifying for participation in the College Training Program to be inaugurated about July 1, 1943.

In the new Navy College Training Program to be set-up about July 1, Class V-1 (ACP) and Class V-7 students will initially be assigned to training on the basis of their present or indicated major field of concentration and the needs of the service. Requests for change in assignment may be made only through their commanding officer after reporting for active duty.

Those in Class V-1, with the exception of bona fide pre-medical or pre-dental students, will be required to take the test. These students who will not be required to take the test will be required to report to the supervisor of the test at their college or university, who will be authorized to excuse such students.

The present Class V-7 students who, as of July 1, 1943, have one term or less to complete in order to meet the requirements for a bachelor's degree may, if they so desire, remain on inactive duty at the college in which they are now enrolled. The discipline standards of the Navy will be maintained.

## Dance Team to Give Program Thursday, 8:15

Jan Veen and Erika Thimey  
Present Full Evening's  
Entertainment.

Jan Veen and Erika Thimey will present a full evening's program of Modern Theater Dance at the College Auditorium on Thursday evening, April 1, at 8:15 o'clock. This will be the major entertainment of the spring quarter.

Erika Thimey, who is partner to Jan Veen in the dance team, is a dancer in her own right. She had made a name for herself before she met Jan Veen.

Miss Thimey was the holder of the coveted diploma of Mary Wigman and had been solo dancer with the opera at Dessau when she was invited to the Chicago North Shore Institute of Music to join the Dance Department. It was here that Jan Veen watched her dancing.

"She is my ideal of a partner," he said; and he asked her to come to his studio in Boston to be his associate teacher and to build up a concert program with him.

After a time of association with Jan Veen, during which time they created dances, arranged suites, and perfected solos—each a perfect complement to the other—Erika Thimey was invited to come to Washington, D. C., to be head of the Dance Department of the King-Smith Studio School. She accepted the position and has been teaching dancing in and around Washington in the interim of her tours with Jan Veen.

Both Do War Work.

Miss Thimey has joined Jan Veen in war work. Last season the two were invited to perform for the Fighting French War Relief. An immense crowd saw them, and the proceeds were enough to send an entire ambulance to the front.

On their dance program will be printed a quotation from Howard Pierce Davis: "When Total War has brought Total Victory, We Shall Still Face Total Defeat Unless We Achieve Total Peace on Total Justice." Jan Veen, born a Hungarian, has been an American citizen since 1937.

Program Offerings Vary. The program which the two dancers will present on the night of April 1 is varied. A dance of greeting will open the program, when Jan Veen and Erika Thimey appear together in "Festive Waltz" by Strauss.

Following will be two solo dances, Miss Thimey in "Piastra," by Kreisler, and Jan Veen in "Life Mask," music by Debussy. "It is the mask that grins or weeps," says Jan Veen. "The life underneath goes on independently."

One Gershwin number will be used. Miss Thimey will dance "Noon Blues" and "Midnight Lark" as illustrative of "Bowerly Moods." Ruth Culbertson will be at the piano. During interludes, Miss Culbertson will play her own arrangements of incidental music.

The men also installed the new boilers in the heating plant and re-laid and insulated the steam pipes to the various buildings. The auditorium also was redecorated and remodeled. More than 2,200 linear feet of sidewalk were laid at the College, and much of the campus was landscaped under the program.

Put Up Five Buildings.

During the life of the program at the College, the WPA workers built the five Quad buildings, the new barn at the College farm, a garage for the president and an extension to the industrial arts building.

Two of College Faculty  
Attend State Meetings

Miss June Cozine and Miss Mary Elliott of the home economics department attended a convention of the Missouri Home Economics Association at Jefferson City Friday night, Saturday, and Sunday.

Friday night, Miss Cozine, who is a member of the Missouri Home Economics Association council, attended the council meeting. Saturday, the regular meeting of the convention was held. The Missouri Home Economics Student Clubs also had meetings on Saturday. Miss Cozine, who is state adviser of clubs in colleges and high schools, was in charge of this part of the convention.

Two men, obviously not used to travel, boarded a street car. There was a naval officer behind them. Tom went upstairs, leaving Bill to get the tickets. Bill turned to the officer and asked for two. "My good man," said the scandalized officer, "I am a naval officer, not the conductor."

## WPA Project at College Is Ended

Last of Government Work  
Projects Close in North-  
west Missouri.

The remaining WPA projects in ten Northwest Missouri counties officially ended Saturday, as a result of an order from George Prim, head of the program in this section. Included in the order is the project at the College, which has been supervised by Clint Westfall since 1940 and which has amounted to about \$155,000.

Saturday fifteen men spent their last working hours on the project packing, counting and storing the \$500 worth of shovels, wheelbarrows and other tools which have been used in the program at the college. According to Westfall, all of the material will be turned over to the U. S. Army and Navy.

The WPA College program had as high as fifty men employed at a peak period, later dropping to the fifteen that remain. Westfall reports that he has no definite plans for the immediate future, for he will not officially be released until March 31, working the remaining days of the month cleaning up paper detail and reports on the college projects.

John Dewey Is Name of  
College F T A Chapter

Miss Chloe Millikan and Mr. Homer Phillips will be guests at the next meeting of the Future Teachers of America. As the recently organized group of the F. T. A. has chosen to name themselves the John Dewey Chapter, this next meeting will be devoted to a discussion of John Dewey and his contribution to education.

The presence of two members of the Department of Education and the sponsor of the club, Mr. William Aldrich, should stimulate a worthwhile discussion. The meeting will be held April 7, 4 o'clock p. m., in Room 326.

The last meeting of the Future Teachers of America was held March 24. Except for a short business meeting, the hour was given over to social activities. As the group enjoyed delicious refreshments, a lively discussion of future plans for the club was carried on. The librarian distributed copies of the National Education Association Journal to the members.

Third Grade Children to  
Give "Hansel and Gretel"

The third grade pupils at the Horace Mann Laboratory School are working on their own version of "Hansel and Gretel." To be given soon as an operetta. The music is under the direction of their music teacher, Miss Dorothy Cronkite. Miss Neva Ross, the room teacher, is helping arrange the dialogue, which the children are writing for themselves.

The operetta grew out of the pleasure the children had in the music of Humperdinck's opera, "Hansel and Gretel." When they learned the tunes, they immediately asked if they might not perform them.

Lends in the operetta are taken by the following children: Hansel, Ronny Gray; Gretel, Ann Hubble; Witch, Avelina Rodriguez; Mother, Elizabeth Aldrich; Father, Richard New; Sand Man, Gary Montgomery. Other children will take the parts of angels.

Eva Marie Calix Hears  
About April Fools' Day

"You must be very careful on the first of April, for it's the United States that day is All Fools' Day." This warning came to Eva Marie Calix from a friend, Denora Araceli de Gelsler, who lives in La Ceiba, Honduras. Senora Gelsler knew all about the pranks which North Americans play on the first of April, as she had lived in New Orleans four years.

Miss Calix knows exactly what to expect now. The experience will not be a new one for her, because in Honduras they observe a similar day on December 28, which they call "Innocents' Day."

The meetings of the home economics clubs were held at Simpson High School in Jefferson City, Miss Cleo Wilson, who is a graduate of the College, is a home economics instructor there.

## Iceland Has Two April Fools' Days Each Year

Mr. Johann Saemundsson, student from Iceland, reports that April Fools' Day is observed twice each year in Iceland. April first is the most important of the two days, but the last day of April is very similar.

The typical April Fools' prank in Iceland is to get some person to walk to a certain destination only to find himself disappointed at the conclusion of his trip. The old custom was that the victim should be induced to cross three thresholds before the prankster could rightfully call "April Fool."

Eva Marie Calix Talks  
About Native Country

Eva Marie Calix spoke about her native country, Honduras, to the Methodist Study Group on Latin America last Wednesday night. At this same meeting Mrs. Eugene Seubert gave a report on the West Indies and Mrs. Harry G. Dilline briefly summarized the lectures of Mr. Jose de Acuna of Costa Rica, who recently was a visitor and lecturer at the College.

The Study Group, which meets weekly, has been studying Latin America and last week had as its subject of study the West Indies and Central America.

To Give Recital—  
Violin and Piano

Misses Nelson and Ilsley  
Will Unite to Play  
Brahms Sonata.

Miss Ruth Nelson, violinist, and Miss Alice Ilsley, pianist, members of the Conservatory of Music, will give a joint recital on Tuesday evening, April 6, at 8:15 o'clock in the Horace Mann Auditorium. The public is invited to attend.

Each artist will play a group of compositions and will also combine in the Brahms "Sonata in D Minor, Opus 108." This is one of the three duos-sonatas which Brahms wrote for piano and violin.

As her contribution, Miss Ilsley will play four modern works for the piano, "Jeux d'eau" by Ravel, "Romance" by Sibyllus, "Capriccio, Opus 28" by Dohnanyi, and "The Three Marias" by Heitor Villa-Lobos. The latter composition is in reality three pieces based on a Brazilian children's story of three little girls who played in the countryside of Brazil and traveled all the paths of life together that this trinity might serve as a symbol of the union of Humanity. Destiny has preserved them as eternal stars in the heavens to illuminate the path for other children of Earth.

The violin selections chosen by Miss Nelson are "Nocturne" by Lill Boulanger, the first woman to receive the Prix de Rome; "La Plus que Lente," a waltz by Debussy; and two compositions by Fritz Kreisler, "Liebesleid" and "La Gitana," the latter an Arabo-Spanish Gypsy song of eighteenth century.

College Representatives Invited. As the purpose of the day is to acquaint high school seniors with college life, representatives of other colleges and of the University of Missouri are being invited to be on the Northwest Missouri State Teachers College campus for the day. They will be introduced at the morning assembly.

One change in the day's program from that of previous years is that lunch will not be provided. War rationing has made it next to impossible to provide food in large quantities; the high school seniors, therefore, are invited to make a picnic of the day and to bring box lunches. The College will provide drinks and tables for the lunch.

Acceptances of the invitation are being received, but it is too early to prophesy as to the size of the group which will attend this year. Last year, over seventeen hundred students and their sponsors attended.

Jan Veen Will Conduct  
Master Class in Dance

Jan Veen, who comes with Erika Thimey to give the major entertainment of the spring quarter at the College on April 1, will conduct a Master Class in dancing at the Gymnasium from 10:20 a. m., until noon of that day. Miss Winole Ann Carruth announces that the class will be open to members of the Dance Club and to members of physical education classes who are interested in the dance.

Asked the nature of the class, Miss Carruth responded that she had not been told what the artist expected to do. She thought perhaps he would discuss and demonstrate modern dance technique.

Members of the Dance Club who will participate are: Betty Drennan, Emma Ruth Kendall, Emma Poston, Betty Steele, Anna Ruth Steele, Betty Cheaves, Alice Noland, Maxine Hoernan, Hazel Ebersold, Betty Jo Thompson, Marjorie Neal, Dorothy Collie, Jean Hefflin, Carolyn Currant, Harriett Harvey, and Charlene Hornbuckle.

To Attend Physical Education Meet Miss Winole Ann Carruth and Miss Maxine Williams of the department of Physical Education for women expect to attend a meeting of the Central Association of Health, Physical Education, and Recreation, which will be held in Kansas City, April 1-3.

Public Relations Committee Makes  
General Plans; Faculty and  
Students Cooperate.

High School Senior Day, which has been observed at the Northwest Missouri State Teachers College for several years, has been set this year for April 12. Letters under date of March 23 went out from President Uel W. Lamkin to superintendents of high schools within the College district inviting them to come with the members of their Senior Classes to spend the day getting acquainted with activities of college life.

Cunningham, Mr. Leslie Somerville, Mr. A. H. Cooper, and Mr. Wilbur Stalcup. Mr. Stalcup, who was in charge last year, met with the committee once and passed on the materials of last year before he left for service in the army.

Individual committees are in charge of details for the day's entertainment. Complete lists of committees are not available at this time. Both faculty and students are serving on them, for Senior Day is an All-College project. Barbara Kowitz and the Student Senate are selecting students to serve.

Dr. W. H. Hackman, pastor of the First Methodist church, read the single ring ceremony before an open mantle banked on each side with large pedestal baskets of pink snapdragons, sweet peas and ferns. They were attended by Mr. and Mrs. Verlin Powers.

Proceeding the ceremony, Miss Mary Ellen Tebow, violinist, sister of the bridegroom, played "At Dawning." This was followed by Lohengrin's wedding march.

The bride, a graduate of Tarboro, N. C. high school, attended the University of North Carolina and was graduated from the Watts hospital School of Nursing.

Sergeant Tebow was graduated from the Maryville high school, attended the STC and left here in 1940 with the 128th Field Artillery band. He is now stationed with the artillery band at Camp Butler, N. C.

Following the ceremony a reception was held for members of the immediate family.

Dr. W. H. Hackman, pastor of the First Methodist church, read the single ring ceremony before the open mantle in the living room. During the ceremony Mrs. John G. Mutz played "Believe Me of All Things Endearing Young Charms" and "Liebestraum."

The bride, a graduate of Christian College and the University of Missouri, has been teaching kindergarten in the Clarinda, Ia., school system the past year. Ensign Foster was graduated from the Central Missouri State Teachers College and attended Graduate School at the University of Missouri. She did special work at the College in Kindergarten. He will report to Kindergarten, Hanover, N. H., April 8 for indoctrination training.

Sigma Tau Elects Year's Officers

Membership Cut by Call of ERC to Active Duty; Honor Mr. Simons.

The membership of Sigma Tau Gamma has been cut in half by the call of the Enlisted Reservists to active duty. This call to the colors dealt a hard blow to the chapter in as much as it included all five of the Tau officers. Every effort will be made to keep the fraternity flourishing until they come back, the present members say.

At the regular business meeting Wednesday evening, officers were elected for the coming year. Those elected included Bill Bennett, president; Paul Baldwin, vice-president; Jack Carson, secretary; Robert Whitcomb, treasurer; and Jerry Corken, sergeant-at-arms.

Formal initiation was given Sunday afternoon to Dean Steeby and Robert VanVelkinburg, both of whom took their pledges last quarter. An informal dinner was held by the entire chapter Sunday evening. Special recognition went to Lt. (j.g.) Kenneth Simons, honorary member and faculty sponsor of the fraternity, who is leaving for active duty with the Navy April 8. Others present were Mr. D. N. Valk and Mr. Virgil Parman, faculty sponsors, and Mr. R. E. Baldwin, Faculty Adviser.

Those who are left in the "Y" express their regret that many of the YMOA members are having to leave soon. They wish to extend appreciation to them for their cooperation in the past and hope that they will not forget the remaining "Y" members and will write whenever possible.

Members of A. C. E. to Have Work Day, April 3

Since the Association for Childhood Education was organized on this campus, in 1928, members of this organization have set aside one day in the year for doing all sorts of odd jobs in order to earn money for their group.

This year the date set is Saturday, April 3. These members solicit any type of work-making beds, polishing shoes, washing and ironing clothes, or house cleaning. Each girl is responsible for earning one dollar. Mona Alexander, Room 209, Residence Hall, is in charge of the orders for work.

Usually the money is used for a banquet held later in the year for members of ACE, but this year, on account of war conditions, the proceeds of their work day will be put in a savings fund.

The members of A. C. E. say: "Here is your chance to spend a leisurely Saturday. If you're interested in hiring the services of these A. C. E. girls, notify Miss Chloe Millikan, sponsor of the group, Betty Campbell, president, or Mona Alexander."

Former Student Expresses Appreciation to Schools

"I was glad to hear that Maryville did so well in the Intercollegiate tournament at Kansas City," writes Private Howard Milliken, from an army camp at Ventura, California, "but sorry that the team couldn't have presented Coach Stalcup with a championship as a going-away present."

He continues, "However, it makes me feel proud that one of the Missouri teams could win the championship—shows the boys from Old Missouri still have the old fight-and-win spirit which is so important when it comes to fighting for our grand way of life, where sports play such an important part in making our country a happy place in which to live."

Turning to more serious thoughts, Private Milliken says, "We all appreciate the grand work the educational facilities of our nation are doing, even when the teachers know that there will be many of their students who will become casualties in this world conflict."

The former student expresses his appreciation for the Northwest Missourian that is coming to him. He is being transferred and says that he will send his address as soon as he knows where he will be located. He was already to go to Camp Rucker, Alabama, when the order was cancelled.

Private Lyndon Writes From Mississippi Camp

"I received a copy of the Northwest Missourian today," says Private Robert E. Lyndon of Camp McCain, Mississippi, "and want to write to let you know how much I appreciated receiving it. One certainly misses the news after he gets out of touch of anyone he knows. The Bearsports certainly did all right in the Kansas City tournament, according to all reports in the paper."

Private Lyndon says that most of the personnel of the camp are, in which he is located are young men from the middle-west, and that most of them were interested in the Northwest Missourian. "Quite a few of them are from Missouri," he says, "and come from the country surrounding the colleges in the MIAA Conference. There's just one thing," he says, "a few of the Cape Girardeau boys had a little fun kidding me about the defeat of Maryville by Cape, but we settled it by agreeing that both teams were excellent."

The former College student is holding a desk job in the Engineers. His official title is now Headquarters and Service Clerk. The work which he is doing is mainly clerical—the keeping of service records, handling of correspondence within the company, filing of allotments, and general service work toward keeping the records straight and up to date.

Coach Stalcup Meets Bearcat "Liz" Foreman

Lieutenant Wilbur Stalcup, at Chapel Hill, North Carolina, has written friends that he has made the acquaintance of Floyd Foreman, former Bearcat and College graduate. Mr. Stalcup and Mr. Foreman are housed in the same building.

Before entering the navy, Mr. Foreman, known as "Liz" by Maryville friends, was head coach at Laramie High School at Laramie, Wyoming. Mrs. Foreman is the former Dorothy DeMoss of St. Albans and a former College student.

Kenneth Leeson Becomes Metalsmith, First Class

O. Kenneth Leeson, a graduate of the College, who is stationed at Argenta, Newfoundland, at the naval reserve construction base, has received a rating of metalsmith, first class. The promotion in rank carries with it an increase in salary.

Mr. Leeson is the son of the late O. C. Leeson, who was formerly a biology teacher at the College. His mother is Mrs. W. I. Lewis, who has the B. S. degree from the College.

Those in Service

Lieut. and Mrs. Patton Visit Their Alma Mater

Second Lieutenant Edwin E. Patton and Mrs. Patton, who was formerly Miss Ocle Rhoades, both graduates of the College, were campus visitors Monday afternoon. They have been visiting Mrs. Patton's family in Maryville. They came here from St. Louis, where they have been visiting Lieutenant Patton's family.

Lieutenant Patton began his Army Service on February 7, 1942, at Camp Wolters, Texas. From there he went to Fort Benning, Georgia, where he attended Officers' Candidate School. He was commissioned August 21, and was assigned to the 2nd Division, Fort Sam Houston, Texas.

In November, Lieutenant Patton was transferred to Camp McCoy, Wisconsin, for specialized winter training. He was trained with the ski troopers. "It's not for sport," he said, "it's not down-hill ski-ing, but cross-country ski-ing."

Mrs. Patton, asked what she had been doing, answered, "Following him around!" She is now living in Sparta, Wisconsin, five miles from the camp.

Ted Woodward, Still in Alaska, Reads Poetry

"Have I written since they de-hospitalized me?" asks Sergeant Ted Woodward in a letter from Somewhere in Alaska. "I'm out, you know, and in fine fettle. But I'm not one ounce heavier!"

Earlier Sergeant Woodward had been confined to the hospital with bronchitis. The doctor thought him too thin and kept him in the hospital longer than his illness made it necessary in the hope, as the former College student put it, "of putting some flesh on these old bones."

Commenting upon news he had gleaned from the Northwest Missourian, Sergeant Woodward says, "I wish I could have been there to hear Mr. Seubert's talk on Robinson Jeffers. I remember Mr. Seubert's reading to us one day when he was filling in for Dr. Lowery during her illness last year. I enjoyed it very much, and with Jeffers, I know he must have done well."

Mr. Woodward, a great reader, finds it hard to get enough books. "I've been lucky," he says, "to get hold of Louis Untermeyer's latest anthology. One of the fellows got it for Christmas or his birthday or something. Anyway, I nabbed right on to it, and I've enjoyed it thoroughly."

College Women May Earn Commissions in Service

The WAVES is an organization of women whose job is to replace Navy men at shore stations. The SPARS is an organization of women whose job is to replace Coast Guard men at shore stations.

College women can earn commissions in the WAVES and SPARS. Most of them will qualify as Ensigns. A limited number (as specified by Act of Congress) can become Lieutenants (Junior Grade) and Lieutenants (Senior Grade).

They will draw the same pay and allowances as men officers of equivalent rank in the Navy. Uniforms for officers will be the same as for the enlisted personnel except for the officers' hat, gold buttons, white dress shirt and the reserve blue stripes designating their rank.

Officers in the WAVES and SPARS will hold responsible positions. Previous experience in any of many different fields will be a valuable asset to the officer candidate, but it is not by any means a "must" requirement. The chief qualifications, in addition to college training, are alertness, energy, integrity, leadership qualities—and above all, the urge to serve your country.

Alumnae Decorated

Captain Edward Tindall, a graduate of the College, was decorated March 15 by Brigadier General Claire L. Chennault, commander of the 14th Army Air Force. Captain Tindall of the Old China Air Corps received a medal as a member of a transport crew for more than 100 flying hours through combat zones or more than 25 operational flights.

First Lieutenant Leigh Roy Wilson left Maryville March 24 for Pittsburg, California, to report for overseas duty, after spending a week-end with his parents in Maryville.

Lieutenant Virgil Gex is on a destroyer with base at Pearl Harbor.

Robert Runnels has been promoted to corporal. He is stationed at Camp Roberts, California.

Nolan Bruce is a Lieutenant (j.g.) in the Navy training program and is stationed at Coral Gables, Fla. He was formerly superintendent of the Elmo schools.

Old Grad Writes From Sam Houston

Corporal Wayland Thatch, now located at Fort Sam Houston, Texas, writes to send his new address, saying, "I certainly want to miss no issues of the Northwest Missourian."

Mrs. Thatch, the former Miss Dorothy Bealls, is in San Antonio at work in the Red Cross Branch Office. Corporal Thatch gets home at night and on week-ends.

Personnel work is Corporal Thatch's job at present, though he hopes to go to Adjutant-General Officers' Candidate School soon. "Everybody asks me why I'm not in the Medical Corps," he says. "All I have to say is that in the army you don't ask for things; they tell you things. Besides, I am sure I like Personnel work as much as I could Medical. You should see me make out Morning Reports, pay rolls, Rosters."

Glenn Randleman and Ellis Reynolds, both members of last year's graduating class from the College, are at Ft. Sam Houston, Mr. Thatch says. They are both corporals and both in the Medical division.

"It's really warm down here," writes Corporal Thatch. "But I can just see a few Jo-and-Co-eds in full winter coats hurrying up the Long Walk for 8:00 a. m. classes. We have plenty of long walks (emphasis on the long!) down here, but no Co-eds. And sorry to say, very few former Jo-eds. But I guess it's all OK, because from reading the Northwest Missourian I see there are a few khaki's and OD's floating around the old STC campus these days too. Well, all I can say is that if any battlefield happens to have a couple of good poets at each end, the Axis hasn't got a chance against a bunch of Bearsports."

The "Old Grad," as Corporal Thatch signs himself, reads the paper of his Alma Mater thoroughly. "The best part of last week's Northwest Missourian," he says, "was the editorial on the Co-ed Hashtings. But don't be alarmed. The Forces have the WAACS, WAVES, SPARS—and will probably have some more by the time this reaches Maryville."

When Mr. Thatch was in the Adjutant General's School, at Fort Washington, Maryland, he ran into Dick Moyer at the Stage-Door Canteen in Washington.
